

# Evidencing the Impact of the Primary PE and Sport Premium

Website Reporting Tool  
Revised October 2017

Schools must use the funding to make **additional and sustainable** improvements to the quality of PE and sport they offer. This means that you should use the Primary PE and Sport Premium to:

- develop or add to the PE and sport activities that your school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

Please visit [gov.uk](https://www.gov.uk) for the revised DfE guidance including the 5 key indicators across which schools should demonstrate an improvement. This document will help you to review your provision and to report your spend. DfE encourages schools to use this template as an effective way of meeting the reporting requirements of the Primary PE and Sport Premium.

We recommend you start by reflecting on the impact of current provision and reviewing the previous spend. Under the [Ofsted Schools Inspection Framework](#), inspectors will assess how effectively leaders use the Primary PE and Sport Premium and measure its impact on outcomes for pupils, and how effectively [governors](#) hold them to account for this.

Schools are required to [publish details](#) of how they spend this funding as well as on the impact it has on pupils' PE and sport participation and attainment. We recommend regularly updating the table and publishing it on your website as evidence of your ongoing review into how you are using the money to secure maximum, sustainable impact. To see an example of how to complete the table please click [HERE](#).

Support for review and reflection - considering the 5 key indicators from DfE, what development needs are a priority for your setting and your students now and why? Use the space below to reflect on previous spend, identify current need and priorities for the future.

Key achievements to date:	Areas for further improvement and baseline evidence of need:
<p>Lockdown has put back a number of the initiatives in the action plan and a thorough evaluation could not be implemented.</p> <p>The KS1 playground equipment has been very popular since it was installed in during the Summer. Its use during play/lunch times has been timetabled to allow each class the opportunity to play on it, it is always in use.</p> <p>The new equipment has enriched the curriculum and would have helped, if restrictions allowed, to prepare the children for inter school competitions, including athletics.</p>	<p>Plan opportunities into curriculum time (e.g. PE lessons) to further encourage the children to gain in fitness and health.</p> <p>To improve the KS2 playground to encourage more active play.</p> <p>To raise and sustain interest in the Sports Leader Program for the whole year. Children to assist in the running of intra school competitions. Baseline leaders' confidence and targeted children.</p> <p>Look at the possibility of further CPD with REAL GYM and Family Funs.</p> <p>Look into further activities to widen their experiences.</p>
