

SPRING TERM

Year 3

Windmill Gardens

- We had a fantastic time at Windmill Gardens learning about different types of soil and what lives inside it. We saw wood lice, worms, snails and spiders in the soil and also made a wormery 🐛

D&T

We learned how to make a moving picture based on Iron Man in their D&T lessons.

EASTER BONNETS

SUPER HOMEWORK!

Well done to everyone who completed their D&T homework challenge!

World Book Day

We loved our parents visiting to read with everyone.

WATERSTONES

We also loved visiting Waterstones to spend our vouchers and choose our own book.

Stone Age Day

We spent the day at Nottingham University Museum to learn all about archeology and how Stone Age people lived.

Science Fair

We carried out an investigation with our parents to test different rocks and used a flow chart to identify them.
